- 4) York County Community College used the following methods to determine which students receive emergency ARP grants and how much they would receive:
- a) The college sends two separate rounds of emails and texts per semester to students enrolled in the current term and encouraged them to complete the on-line application by the priority filing dates.
 - b) For those students who applied by that date, eligibility was confirmed and funds are awarded weekly. The award amount was the lesser the student's request or \$3,000 per semester, in accordance with college administration policy. Individual maximum awards are capped at \$6,495.00 per academic year (EXAMPLE: Fall 21, Spring 22, or Summer 22). For students who granted permission, funds were used to reduce the student's institutional charges.
 - c) Students who received funding were notified by text and email to check their student accounts to view the amount of their award. Checks were mailed to the address provided by the student.
 - d) Student are also made aware of this in the email communication for ARP funds: If you/your parent(s) are experiencing a lay-off, change of employment, divorce or separation, or have questions related to this and/or other financial aid programs, please contact us: finaid@yccc.edu .
